Including Arrowwood, Milo, Queenstown, Shouldice and Mossleigh

Volume 2, No. 18

ARROWWOOD, ALTA., DECEMBER 22, 1932

Subscription \$2.00, U.S.A. \$2.50

## Sunday School Annual Entertainment Grand Success

There was an exceptionally good turnout at the United Church Sunday School entertainment, on Tuesday evening. Following is the program:

Orchestra, Gilbert Family.  
Recitation, Marjorie Lewendon.  
Recitation, Bruce Moir.

Song, Beginner's class.  
Reading, Shirley Ward.  
Dialog, David Shouldice and Doreen Hill.

Song, Dorothy Jean Jones.  
Recitation, Gladys Leonard.  
Recitation, Alice Ellis.

Playlet, Primary class.  
Chorus, Mrs. Saunders's class.  
Song, Betty Rhen Jones.

Play, Mr. McCullough's class.  
Reading, Audrey Ward.  
Christmas Anthem, Choir.

Solo, Mr. Larson.  
Reading, Marjorie Leonard.  
Violin Solo, Byrton Christenson.

Reading, Gwen Saunders.  
Solo, Jean Macleod.  
Violin Duet, Mr. Ross and Byrton Christenson.

Remarks and presentation of White Gifts, Mr. Gilbert.  
Collection.

The White Christmas Gifts for the needy in the district were numerous and are being distributed by a committee comprising Mrs. R. E. Hales, Mrs. M. H. Ward, Mrs. G. Jones and Mrs. J. H. McCann. A collection was taken amounting to \$12.00, which was handed over to this committee to help with their work.

## Mrs. J. M. Weins

### Guest of Honor at Birthday Party

Mrs. J. M. Weins was very pleasantly surprised on Thursday evening of last week when about twenty of her friends gathered to wish her many happy birthdays, the occasion being her birthday.

The evening was spent in bridge after which delicious refreshments were served. The birthday cake appeared with only one lighted candle, some very poor attempts being made to guess the number that she should have appeared.

Following this Mrs. Weins was presented with a dainty cup and saucer for which she made a very gracious reply in thanking the donors for their gift and their many good wishes.

The party broke up at the smallest hour, all convinced that they had spent a very enjoyable evening.

## No Increase in Apple Rates

Word that the railways will not put into effect higher freight rates on bulk apples from B. C. for another four months has been received by A. Chard, freight rate supervisor for the Alberta Government.

## Total Chicago Winnings

The total prizes won by Alberta seed grain exhibition at Chicago International show this year was \$8, including three world championships, one reserve championship, five first prizes and fifty-one other prizes.

## School Fair Notes

The following is a financial summary of the 1932 Fair:

Apprais. No. of entries	875
No. children present	200
Pennmanship and Composition Awards	\$10.00
Livestock Awards	45.50
Janitor's fee, and Draying	7.80
Health Award Donated by Nurse Davidson	4.50
Awards to Units in Prize Money	

Swastika	\$ 22.43
Trego	13.25
Buffalo	14.21
Arrowwood III and IV	31.19
Arrowwood H. School	41.72
Arrowwood VII & VIII	36.87
Arrowwood V and VI	35.47
Shouldice	23.01
Arrowwood I and II	28.05

Total \$234.80  
Money was awarded on the basis of:

1st	63c
2nd	56c
3rd	49c

## B.Y.P.C. NOTES

Remember the class meeting and social evening on Dec. 30th at C. F. Culp's.

Mr. and Mrs. McColman spent Sunday at Herrington.

## Christmas Party

The pupils of Grade VII and VIII held their usual Xmas party Monday evening at the school with all members of the room present except two. About 600 all sat down to a sumptuous supper which was set by the committee composed of Mildred Irwin, Loreta Weiss, Shirley Ward, and Annie Dumka. While seated at the supper table Clara Service and Shirley Ward entertained with a short skit, after which gifts were distributed to the members of the class. This was followed by three rousing classes for Mr. McCullough. After dispersing from the supper table all assembled in the playroom, where games were played until 9:15. Clara Service and Betty Kelly deserve credit for the well-planned program.

The Ladies Aid of the Church of the Brethren wish to thank all who so loyally supported their supper and home cooking sale. Although they regret that owing to the large turn out, the supply of food was exhausted and they were forced to substitute. They also wish to thank the waiters who so kindly devoted their services.

The Ladies reported a net balance of \$65.

## Mass Meeting of Canadian Legion Held at Mossleigh

The Canadian Legion held a mass meeting of ex-service men and their friends at the Mossleigh Hall last Wednesday evening, December 14th. Members of the legion from Calgary, High River, Bassano, Vulcan, Milo, and Gleichen were present in large numbers. An attractive program had been arranged and several good speakers addressed an attentive audience. Alex Walker, the Dominion representative for the Canadian Legion stated in his talk, that the promises made to ex-service men had never been fulfilled, and many upon and their families were living on charity and some on the verge of starvation. Mr. Walker urged all men not in the Legion to join at once and present a united front in order to force the hands of government, which gave only what they were forced to with the threat of the ballot box hanging over them.

Dr. Carson of Vulcan spoke in connection with disability of the men who did their duty overseas. He stressed the fact that the pension a totally disabled soldier received today

was very inadequate for such a terrible handicap he now had in life. Walter Bullard, Provincial President, reviewed the work accomplished by the legion. Among other things he made it clear that the legion was not formed for the purpose of what one could get out of it, but rather for the purpose of helping and bettering one's fellow members. This is the true brotherly spirit of the legion.

P. B. Discher presided over the meeting. Community singing of many old favorite songs was enjoyed by all. Among those taking part in the entertainment were Edgar Rees, Andrew Arthur, Chester and Raymond Johnston.

## Jr. Red Cross Notes

Mrs. Q. Hollenberg was the winner of the box of candy raffled by the Junior Red Cross. The lucky ticket was number 63. The members are pleased to announce that 164 tickets were sold making a total of \$8.30, which will be donated to the crippled children's fund, Calgary.

Christmas is the day of days which declares the universal consciousness that peace on earth comes only from good will to men.

## Provincial Seed Fair

Some of the finest seed grain in the world will be on exhibition in Edmonton during the week of the annual provincial seed fair, January 10-13 inclusive. During the same week the annual meeting of the Alberta Seed Growers' Association will be held, together with the annual agricultural short course at the university.

As was the case last year, prize winners in wheat and oats at Toronto and Chicago will not be allowed to come into competition with other exhibitors in these classes, but will be placed in a class by themselves, a so-called "professional" class. Special premiums are offered in both wheat and oats for this class by the provincial department of agriculture.

Grand champion ribbons will be awarded the best samples of wheat and oats at the fair, all exhibitors in these grains being eligible.

## Local and Personal

Messrs. H. McCullough and B. Christenson were visitors to Calgary on Saturday.

Carling has been going strong this past week and the square draw is progressing nicely.

Mr. and Mrs. M. H. Ward were visitors to Calgary on Wednesday.

Mr. J. Hoskoth and daughter Vera, were Calgary visitors this week.

*Merry Christmas, everybody, and with the the coming of 1933 let us look forward with confidence to a New Year of happier days and better times.*

## BOW VALLEY RESOURCE

### Merry Christmas

The history, traditions and customs of Christmas, and the greatest event which commemorates are calculated to appeal to noblest sentiments of the heart. In voicing these sentiments, it is doubtful if anything could be said which has not already been better expressed by others; but the term does not grow stale with repetition, when expressed with sincerity, we wish you

### A MERRY CHRISTMAS

### First Christmas Cards

Christmas cards, boxes and presents are a survival of the Strenuous Rome-January 1—and were historically opposed by early Christian fathers.

From the beginning of the middle of the nineteenth century "school pieces" or "Christmas pieces," the forerunner of the card of today were popular. These were sheets of paper, sometimes surrounded by birds, scrolls and other specimens of elaborate penmanship made by boys at holiday time to prove their progress in the art of writing.

Joseph Candall, a London artist, is said to have issued the first Christmas card proper in 1846. It was the size of a woman's visiting card, and was printed in lithography and colored by hand. By 1862 the custom obtained a first foothold, most of the cards being small and containing merely the greetings, "Merry Christmas" and "A Happy New Year." Later Little Red Riding Hood, robins and snow began to play a prominent part in the decoration.

### A Christmas Prayer

O make my soul a Christmas tree,  
Shining with lights of love,  
Bright as the stars above,  
I pray the God of grace so free.

O make my soul a Christmas tree,  
Gleaming with heavenly joys,  
Greater than earthly toys,  
I pray the God of grace so free.

O make my soul a Christmas tree,  
Bending with gifts from Christ,  
Only my God has prized,  
I pray the God of grace so free.

O make my soul a Christmas tree,  
Gleaming with gifts of love  
Only for the Christ above,  
I pray the God of grace so free.

O make my soul a Christmas tree,  
Shining with the golden deed,  
Offered to souls in need,  
I pray the God of grace so free.

### Santa Claus' Helper

I wonder if old Santa Claus Needs any little boys To help him fill the candy sacks And polish up the toys. For if he does, I'd take the job.

I think it would be fun To taste of all the chocolate drops And try out every gun.

But Mother says it would not pay To leave my home;

For those who work for Santa Claus Must work for love alone.

Again a Christian nation Bows its head in fervent prayer.

In homage to the Christ-Child Who taught us how to care For the good in one another.

To put selfishness aside, That the spirit of forgiveness Might within us all abide;

Oh, amongst the wreaths of holly,

'Midst the crush of misletoe, We can see brighter dawning

By the blessed candle's glow, And whatever may be our burden,

Let the memory of Bethlehem Be again the joyous herald

Of peace on earth, good will to men.

### Here and There

Wheat produced in Canada in 1931 totalled 27,867,587 bushels valued at \$2,535,000. Harvest was produced commercially in all the provinces of Canada.

Registering an impressive advance in prices over recent years the first batch of Nova Scotia apples in the Liverpool market brought 22s to 25s per barrel as compared with 15s to 16s in 1931.

Great improvement and development over a period of 20 years has been noted in the Canadian seed industry. Last year 2739 seed farms with 12,000 persons occupied in the production and marketing of improved seed were estimated engaged in the industry.

Preliminary returns of maple syrup production in Canada just completed for 1932 show a total yield of 1,744,479 gallons of maple syrup valued at \$2,054,277 and 7,217,200 pounds of sugar valued at \$692,480. This production compares favorably with that of former years.

Cutting of wheat is nearing completion and threshing is well advanced in all the provinces, with Manitoba leading, according to a report from the agricultural department of the Canadian Pacific Railway, western line, dated September 19. Oats and barley at that date were 75 per cent. cut.

Lisa Commanda, Chipewyan Indian girl golf caddy at the Canadian Pacific French River Bungalow, who came eighth in the women's marathon swim at Toronto, recently has been presented with a purse of \$150. J. G. Stralder, manager of the Camp, stated that she would be thoroughly trained and would enter the contest annually until she won.

Wheeling airplanes added a roaring farewell to the cheers with which passengers and well-wishers speeded Captain J. A. Molton on his return to the Canadian shore the Empress of Britain as she sailed on her last departure of the 1932 season from Wolfe Cove, Quebec. The intrepid solo trans-Atlantic flyer was promised a quiet time on his trip by Captain Lettice, commander of the Empress.

## Indian Treasure Hunts

### Over Five Billion in Jewels Object Of Search

The eyes of jewel dealers the world over are centred now on Delhi, where the most amazing treasure hunt in the world's history is going on. The object of the search is no inconceivable amount of wealth, but a hoard of treasure as big as the legendary hoards of King Priests Raj, the last Hindu ruler of Hastinapur, later called the Kaurava. The treasure is the richest and most famous in Hindu history. Among the jewels is a crown of stupendous value, composed of seven rings of precious stones of different sorts, the discovery of which alone would cause a crisis in the world's jewel markets. Also it is estimated to be worth many millions of dollars. The hoard is believed to include the jewelled robes of the Hindu deity of Somnath, into which were woven hundreds of rubies, sapphires, diamonds, pearls and emeralds. The value of these vestments is incalculable.

The story has all the elements of a first-class treasure tale. The location of the vaults in which the treasure was hidden was inscribed on copper plates, which were given into the custody of a cousin of King Priests Raj, Diwan Laxmi Chaudhary. He claimed to have discovered these plates, and established his claim to the satisfaction of the Nawab of Bahawalpur, who gave him permission to dig at his own expense, under supervision of a state bodyguard.

A near-riot developed when a call was made for men to assist in digging for the treasure. A crowd of more than 40,000 responded, and the clamor around the Diwan's place became so great that he had to send for State troops to restore order. The men and women were suffocated in the crowd, 70 others received broken bones, many noses, and eight were so badly injured that they had to be taken to hospital.

There are no fewer than five treasure hunts proceeding in India at the present time. The object in one of the others is a hoard of gold and silver in bars, and precious stones, to the value of \$4,000,000,000.

## Two Story Pullmans

### Offer Many Conveniences and Greater Privacy For Travellers

Complete private and many conveniences are offered in sleeping cars each equipped with four rooms, two above and two below, in a duplex arrangement. Each room has a window, one long seat for comfortable day travel and for converting into a bed, a washbowl and toilet concealed by a small seat and storage space for baggage. A short stairway leads to the second-story room. The rooms are nestled so the occupants can stand comfortably, says Popular Mechanics Magazine, while the seats or berths are placed one above the other, with the ceiling between. This arrangement is necessary to avoid raising the height of the car roof too much.

## Also Witches

"It took 60 years to complete the Oxford English Dictionary, but now it is necessary to add six or seven hundred pages to give new words or new meanings to old words. Here are just a few that will be added or given a new definition:

Automobile, Airplane, Electron, Cinema, Radio, Cabaret, Cafeteria, Superman, Soviet, Jazz, Dope, Life.

Try Lydia E. Pinkham's Vegetable Compound

## She's all worn out again

Four girls, who are the same old headache, backache, and blues, the ought to try Lydia E. Pinkham's Vegetable Compound in tablet form.

W. N. U. 1953

## Venture Has Been Successful

### Actors Dinner Club Doing Good Work In New York

Residents of and visitors to New York have recently been granted a unique privilege. The Actors' Dinner Club has now opened its hospitable doors not only to actors, prosperous and needy alike, but also to the general public from which auditions spring. The charm of the restaurant is the fact that all pleasant surroundings, to the accompaniment of an excellent dinner the casual visitor may hobnob with stage and screen celebrities.

The club has still another reason for its existence. It helps the unemployed actor by the simple method of not charging the jobless actor for his dinner; of charging the actor who can afford it fifty cents, while unemployed stage people and visitors pay \$1. Each guest receives exactly the same sort of ticket, so no one knows who has not paid for his dinner.

The club grew out of a suggestion made by a number of group who were discussing the economic situation and its effect on the theatre. The actors agreed to support a dinner club, and the venture in which unemployed actors could be supplied with food as guests.

The club has now served 75,000 meals, of which 45,000 have been given free, during its twenty-five months of existence, and has had to move to larger quarters.

The venture is now considered one of the most successful in the relief field. Says the executive director of the club:

"The actor has never appealed to anyone outside his profession for aid. He has always been the first, without being asked, to offer his services to others in any time of difficulty or disaster. In his present economic situation his fellow professionals have hunted for their aid to the last man, brother, and his job and found himself in straits, you wouldn't hesitate to invite him to dinner as often as he deems it proper to help you? That's what we are doing."

And looking around the cheery dining room at these stage folk, who remain the mainstay of the club, the other, visitor can but agree.—Christian Science Monitor.

## See Canada First

### Foreign Tourists Discover Dominion Is A Summer Paradise

Here is something which might very profitably be impressed upon the minds of all people, who contemplate motor trips. We hear a lot these days about patronizing home industry to encourage home trade. Why not seriously consider patronizing home tourist routes, for the same purpose? This country is rich in beautiful drives, it surpasses summer resorts, excellent roads, and everything connected with an enjoyable motor outing. Tourists from other countries declare that Canada is a summer paradise; and yet there are many Canadians who have not yet found it out—preferring to go abroad in search of summer pleasures.

## There Is A Reason

### Why English Statesman Had "Lloyd" Attached To Surname

Why is the Rt. Hon. David Lloyd George called that, when his father's name was George, and his brother's name was William George? Well, many people have wondered, and, as is most mysterious, there is an explanation, says the London Daily Express. His mother's family name was Lloyd, and Britain's war-time premier chose to be called "Lloyd George" without the hyphen. If he had put in the hyphen there would have been no trouble for everybody who had written "Cousins of Ravenshoe," a story of the Scottish clan, and "The Lure of the West," which dealt with Arizona life.

## Expert Tag Makers

Prisoners in Pennsylvania's penitentiaries are manufacturing the 2,000,000 sets of automobile license tags needed for 1933 registrations in the state. At the peak of production, 125 prisoners produce 250,000 sets per month in the Western Penitentiary shops.

Mrs. Knapp (with magazine): "I'll say here that a South Sea Islander was left supposed to talk until her husband speaks first."

Knapp: "I'll bet some of those husbands are fool enough to do it."

Science has revealed that some of the most toxic things that brought forth the low prices during the Dutch tulip mania, in 1637, were their peculiar featherings of color to a plant disease known as mosaic.

Early rising may be defined as the triumph of mind over mattress.

## Treatment Of Criminals

### British Authorities Making A Study Of It—Butal and Persistent

The problem of the habitual or persistent criminal has been giving much concern in Great Britain in recent years and some time ago a Committee on Persistent Offenders was appointed by Mr. J. R. Clynes, then Home Secretary, to investigate. This committee was presided over by Sir John C. Dove Wilson, K.C. and it is hard to say whether the report of the committee was reached that the present system of dealing with persistent criminals fails to provide adequate protection for society, and fails also to provide the treatment of which many persistent offenders stand in need. Accordingly, the committee made some interesting suggestions, which are to be tried in due course.

It is recommended that the new forms of sentence should be instituted. They are a sentence of detention for any period of not less than two years and not more than four years for offenders likely to profit by training; and a sentence of prolonged detention for any period of not less than five and not more than ten years for criminals who make a life of crime by preying on the public.

The latter form of imprisonment would also apply to certain offenders who are likely to contaminate others. The object of these sentences should be to provide a positive and effective means of training for all offenders who are likely to respond to treatment, including those between the ages of 21 and 40, and for the category of offenders under conditions designed, so far as is practicable, to fit them to take up life on release under normal conditions.

Abolition of the legal distinction between penal servitude and imprisonment and of the system of release on license, where penal servitude is merged in imprisonment is desired, and the possibility of treating persistent offenders as mental patients is now being considered. After-care of such offenders is likewise considered desirable. It is said that protection of the public is to remain the main object, and at the same time, there is to be systematic endeavor to reclaim the offenders, especially the younger ones.

Doubtless a certain proportion of the convicted ones may be cured if the system is intelligently applied, while for the incorrigible, they will be kept for prolonged detention if they repeat their offences.—Montreal Gazette.

## Established First

### Professor Fessenden Who Died Recently Was One Of Wireless Inventors

Prof. Reginald A. Fessenden, physicist and engineer, who died in Montreal, was hailed by King of the "great wireless inventor of the age—greater than Marconi." More than 20 years ago he established what is claimed to be the first broadcasting station in the world, a tower at Brant Rock, from which voices were sent across the Atlantic to Scotland.

In 1928 he received settlement of \$250,000 in cash from a group of communication corporations as the outcome of a suit for \$400,000. Professor Fessenden was born of New England parents in Milton, Que., October 6, 1866.

## Nun Is Clever Novelist

"L. M. Wallace," novelist and short story writer, was recently revealed to be Sister M. Inoué, a Catholic nun, stationed at St. Joseph's school, Auburn, Neb. Sister Inoué, during a recent visit to Denver, advised that she had written "Cousins of Ravenshoe," a story of the Scottish clan, and "The Lure of the West," which dealt with Arizona life.

## Must Move Church

The United Church building at the southwest corner of the new townsite, will have to be moved as soon as Churchill is opened to the public. The building was erected before the new town plan was adopted and now stands on a lot set aside for other purposes.

Germany has 63 foundries for working aluminum.

Blended and Cut  
FOR PLEASURE  
ODGEN'S  
CUT PLUG  
If you "roll your own," use Odgen's fine cut cigarette tobacco

## Accommodation Limited

### Only 260,000 Seats In Amusement Places In Paris

Should the entire population of Paris desire to attend a show or movie some evening, nearly 8,000,000 spectators could not find accommodation.

Recent statistics show that in spite of the reputation Paris has for being "the greatest theatre city in the world," all the theatres, music halls, concert halls, circuses, cabarets, movie houses, cafes-concerts, total only 260,000 seats.

Movies lead with 180,478. The largest houses of 4,500 seats, the smallest a mere 100.

Theatres are second, 47,830 seats, and music halls, circuses, cabarets, cafes-concerts grouped total only 26,400.

Private halls rented from time to time for special performances make up the balance of the 260,000 accommodation.

## THE RHYMING OPTIMIST

By Allyn Michaels

WAGES  
One may may ask a wage  
Of wealth or fame  
Or honors to assuage  
Life's idle game.  
While one may hope to find  
His days will be  
Up with the sun and kind,  
From troubles free.

But this the wage I ask:  
When I am through  
With weary toil and task,  
To come to you;  
To find you waiting here  
By my hearth fire,  
This is my wage most dear,  
Always serene and kind,  
From troubles free.

## Developing New Industry

Whales in Hudson Bay Seen As Source Of Income  
A new source of wealth from Hudson Bay is to be developed under the auspices of the Manitoba Industrial Development Board. The sub-committee on fish-by-products will take six white whales to Winnipeg from the Bay for sampling.

The committee has come to the conclusion there is a potential Canadian market for oil, meat and leather from the big mammals, and an overseas market is also thought to exist for certain of the oils, which could be profitably exported through Hudson Bay. After preliminary tests of the product are completed samples will be sent to England and a survey of the European market will be made by a representative of a Winnipeg firm.

## Hearing Is Impaired

### By Modern Noises

Deafness Increasing In Great Britain  
At Alarming Rate  
The noise of modern traffic, riveting and pneumatic drilling machines, in strident British ears "more than God ever intended them to be" and is increasing deafness at an alarming rate.

Thus spoke an official of the National Institute for the Deaf recently. It is estimated that there already are more than 3,000,000 cases of impaired hearing in this country. Extensive preventive work has been undertaken by the school authorities.

If all the ice in Greenland and Antarctica should melt, enough water would be added to the oceans to raise their level 150 feet.

Louis Pasteur died while investigating the diseases of the silkworm.

## A Remarkable Lake

### In Saskatchewan

About sixty miles east of Saskatoon, Saskatchewan, is the town of Watrous, a divisional point on the railway where Mountain View is placing Central Time—comes into effect. A short distance to the north of Watrous is Little Manitou Lake, fourteen miles long by one and a half miles wide, and generally recognized as being one of the most remarkable mineral-rich bodies of water in the world.

The curative properties of its waters for rheumatism and diseases of the skin are undoubtedly great, the proof being given in the beneficial results obtained every summer by visitors to the lake. A comparative analysis of the waters of this lake with those of the famous Carlsbad of Germany, showed the former to be even richer in salts and other medicinal qualities than the latter.

Not only are the waters rich in medicinal qualities, they also afford excellent bathing, and being six miles more buoyant than the waters of the ocean, bathers may lie on their surface leisurely—read or smoke if they so desire. The sand on the shore possesses the same curative properties as its waters, hence the vogue of sand baths.

## Long Wait In Store

### Car Owner Thought "Self-Starters" Meant Just That

Mr. Smith had inherited a large sum of money. The first thing he bought with new wealth was a motor car.

After a few driving lessons on his garage proprietor's car he thought he would try his hand at driving his own new car.

All went well for a time. Presently, while trying to change down into second gear, he stalled his engine and the car came to a standstill. Smith, however, just leaned back in his seat and made no attempt to restart it.

A policeman who had seen the car come to a standstill approached Smith.

"Can I assist you at all, sir?" he asked.

Smith shook his head. "No, thank you, officer," he replied. "It is quite all right. You see, this is one of those self-starting cars. I'm just waiting for it to start."

## Results Are Miraculous

### When Business Of Timber Growing Is Aided By Science

When scientific brains are applied to the business of growing timber, the results are not only sufficient to enable them to supply the market, but to supply the market at a profit. The results are not only sufficient to enable them to supply the market, but to supply the market at a profit. The results are not only sufficient to enable them to supply the market, but to supply the market at a profit.

## Rural and Urban Residents

Of 100 townships in Canada 46.7 per cent. are rural dwellers and 53.7 per cent. reside in urban centres. Ten years ago the proportions were 50.5 per cent. rural and 49.5 per cent. urban. The largest proportion of rural population is found in Prince Edward Island, where the country residents represent 74.6 per cent.

The total length of public road in Great Britain is 17,292 miles. For every square mile of country there are, on the average, two miles of highway.

## Little Helps For This Week

"Let us love one another, for love of God, and every one that loveth is born of God, and knoweth God."—1 John iv. 7.

Our God is Love, and that which we mislead. Even in this good world that He has made.

Is meant to be a little, tender shade between us and His glory—that is all; And he who loves the best his fellow-man. Is loving God the holiest way he can.—Alice Cary.

The desire to be beloved is ever restless and unsatisfied; but the love that flows out upon others is a perpetual well-spring from on high.—Lydia M. Child.

Love is God's love; and this is that feeling for which we are taught to pray.—Henry Ward Beecher.

## Lake Rates On Grain

### Said To Be the Lowest Now Since 1915

Grain rates by water from the head of the lakes to Montreal, have been stabilized at 4¢ cents per bushel through the establishment of the Association Lake Freighters, Limited, in which all the Canadian lake steamship companies are associated incorporation of the company was announced in the Canada Gazette at Ottawa.

The rate of 4¢ cents is the lowest since 1915 when 4.9¢ cents per bushel was paid. A peak of 11.5¢ was reached in 1920, a gradual decrease having taken place since then.

Shippers declare that the present rate is not sufficient to enable them to defray the cost of insurance and meet overhead expenses and several owners are understood to be carrying full insurance coverage on their vessels.

## Market For Potatoes

### Britain's Import Duty Against Foreign Potatoes May Benefit Canada

Placing of an import duty against foreign potatoes by Great Britain will prove "a fine thing for the Dominion," said S. K. Henry, member of a Toronto wholesale potato firm.

"For some years past there has been an embargo against our potatoes entering the British market. Eastern Canada and particularly the people of the maritime have tried in vain to have the restrictions lifted. In the meantime German, French and Dutch potatoes have been moving into the United Kingdom market. England, particularly, has been paying attractive figures for those potatoes," said Mr. Henry.

## The Eleven-Year Suspect Cycle

Sunspots vary in number in an irregular "cycle." The last minimum occurred in 1923 followed by a maximum in 1928. In recent months sunspots have been no scarce that the next minimum will probably arrive a year or more earlier than 1933-7, when the average duration of the cycle is a minimum might be expected.

The Egyptians were among the world's great archers, using the bow as their main weapon in fighting.

#### The Old Wish

Christmas is here with us  
again and are we happy? Just  
now that question might have  
different answers but next  
week we shall have one an-  
swer and it will not be in the  
negative. Now we feel the  
strain of preparation. And  
our pocket books have a still  
heavier strain—yes, until it has  
reached the point of irritation.  
Twenty cent wheat is not the  
best omen for a happy Christ-  
mas. And yet when we put so  
much into what we give, an  
equal amount comes back with  
whatever we receive. And did  
you ever have a Christmas yet  
when there was not some  
happy surprise? From some  
one whom you thought had  
forgotten you, or something  
exceptional, worthwhile in the  
best sense of the word, for  
some old friend? Well, it will  
not be different this year. Ab-  
solutely new devices of remem-  
brance are planned this year  
and they certainly will carry  
more friendship than those  
secured with less effort.

For a while it looked as if  
we were not to have our an-  
nual trip to Calgary. It has  
been our good fortune for the  
past ten years to be no farther  
from the city than we are at  
present. And each year we  
have made a trip just before  
Christmas and saw the displays

But it looked like the impos-  
sible this year. Then one of  
those surprises came. And in  
the stores there we met so  
many friends and everyone  
with a smile. What real fun  
they had in trying to make a  
dollar do what ten used to do.  
But they were ALL at it. So  
perhaps, it brings home to us  
even closer this year, what a  
terrible loss it would be if we  
should lose Christmas. And  
because we can find no better  
expression, we come to you to  
again with that time honored  
wish

A MERRY CHRISTMAS  
to you.

UNUS SOLUS

### Shouldice Brain Waves

Ida Mac Williams returned  
to school Friday, after missing  
two weeks due to having her  
tonsils removed.

Mr. and Mrs. Paul Jones and  
infant son of Glendon spent  
Friday and Saturday with Mrs.  
Jones' parents, Mr. and Mrs. A.  
B. Smith.

Mr. W. F. Leadbeater is hav-  
ing the kitchen of his home re-  
modeled.

Mr. George Williams has  
built an additional room to his  
house.

Mr. W. H. Mowat was an  
Arrowwood visitor Saturday  
for the purpose of obtaining  
supplies for the Concert.

Mr. and Mrs. J. W. Melroe  
were Calgary visitors last Sat-  
urday.

Sam MacDougal's little girl  
was entertaining her older  
sister's beau the other night  
while the other one got on what  
few clothes she had. The fel-  
ler wanted to make a hit with  
the kid so he started a conver-  
sation.

Said he: "Is Mary your old-  
est sister?"

"Yep," replied the kid.  
"And who comes after her?"  
he asked.

"You and two other guys," re-  
plied the youngster.

Doc. Painter is laid up in the  
hospital. The other day he was  
called in to see what ailed Tony  
Sawyer. After looking him  
over he said to Tony's wife:  
"He needs absolute quiet, so  
here is a sleeping powder."

"When do I give it to him?"  
she asked.

"You don't give it to him,  
take it yourself," he said.  
Now he's laid up too.

### Additional Locals

Mr. and Mrs. R. Hill were  
Calgary visitors on Wednesday.

Mrs. C. G. Taylor was a vis-  
itor to Calgary Monday.

The Buffalo Hill School Christ-

mas entertainment takes place  
tonight (Thursday) at 8 o'clock.  
Everybody welcome.

Mr. and Mrs. G. Jones were  
in Calgary on Monday.

Mrs. Earl and family, Mrs. F.  
Clarke and Mrs. T. S. Board  
were visitors in Calgary on  
Monday and Tuesday.

Mr. and Mrs. E. C. Bowman  
and family, accompanied by  
Miss Dorothy Vancil, were vis-  
itors to Calgary on Tuesday.

The Women's Institute Execu-  
tive for 1933 will meet at the  
home of Mrs. J. M. Weins at  
2.30 on Tuesday, Dec. 27th, to  
plan the 1933 program.

Mr. and Mrs. S. M. Burger  
left on Tuesday for Mr. Burger's  
old home at Udell, Iowa, where  
they will spend a few months  
on a visit.

FOR SALE—for cash, 2 Win-  
nipeg Couches, \$12.00 each,  
Mattresses for above \$5.00 each,  
gas stove and oven \$18.00. For  
particulars apply L. B. Chrest-  
enson.

The home of W. C. Lyle was  
the scene of a gathering last  
Sunday to celebrate Mrs. Lyle's  
birthday. Those present were  
Mr. and Mrs. Mack Lyle and  
son of Calgary and Mr. and  
Mrs. R. B. Jones.

Don't forget the Community  
Christmas entertainment to be  
given in the school tomorrow  
(Friday) night, by boys and  
girls trained by Mrs. J. V.  
Henderson. No charge for ad-  
mission will be made, but a col-  
lection will be taken to meet in-  
cidental expenses.

Mrs. R. R. Saunders and Miss  
Gwen left by car on Sunday  
afternoon for Okotoks where

they spent the night. On Mon-  
day they went to Calgary and  
returned home in the evening.

As Monday Dec. 26th and  
Monday Jan. 2nd will be ob-  
served as public holidays, the  
grain elevators in Arrowwood  
will be closed all day on both  
occasions.

Next Sunday morning, in the  
Church of the Brethren, Sun-  
day School and the regular  
morning worship will be held  
at the same hour, 10.30, when  
a Christmas program will be  
presented, followed by an ad-  
dress by Frank E. Pobst, Jr., of  
Red Deer, a former resident of  
this district.

Last Sunday was the annual  
Bible Society Sunday, and the  
Rev. H. D. Marr of Calgary ad-  
dressed a combined congrega-  
tion in the United Church on  
the word and steady progress  
of the British and Foreign  
Bible Society. Mrs. R. R.  
Saunders was elected President  
and Rev. J. H. Brubaker re-  
elected Secretary of the local  
branch. Mrs. Farnell and Mrs.  
Jones, with Mrs. McCann as al-  
ternative, were appointed col-  
lectors.

The Public and High Schools  
close for Christmas holidays to-  
morrow.

The opening date of the  
Alberta legislature has been  
provisionally set for Thursday,  
Feb. 2.

Mr. and Mrs. R. N. Moir and  
family were visitors to Calgary  
last week-end.

Rev. Father Arsenault will  
will preach in the St. Columbus  
R. C. Church at 10 o'clock Sun-  
day morning.

Mr. and Mrs. C. E. Johnston,  
Miss I. Mackie and Miss L.  
Spencer were visitors to Cal-  
gary last Saturday.

The P.T.A. will hold a bridge  
drive in Horning's Hotel on  
Friday, January 6th, in order  
to raise funds for hot lunches  
at the school.

A cloud of dust—and that  
was all we could see; but we  
found out later it was Chester  
A. Hynes making a record trip  
to his home and back to town  
last Saturday. (Why?)

To Our Many Customers  
and Friends we Extend  
Best Wishes for a  
Merry Christmas  
and Health, Happiness  
and Bountiful Harvests  
in the New Year.
